

## COURSES.

After close to two years when we had no face to face courses due to Covid restrictions, we are starting with "in person" courses again and the U3A EL schedule is attached for June and July. Covid restrictions apply and these are spelled out in the Newsletter that forms part of the current U3A website. Details of the face to face courses currently on offer are shown in the attached Course Schedule.

Various U3A chapters are still offering Zoom talks and details of these are being sent out regularly via email by Gill Ansell.
